

## FOOD MESHES

Our knitted meshes, certified according (EU) 10/2011 Annex II, provides transparency and protection for the packaging and transport of dry food.

Our knitted meshes, certified according (EU) 10/2011 Annex II are particularly suitable for the use in industry, transport and retail.

They provides optimal protection in transit and handling of your valuable foods. They are easy to handle and manufacture due to the tear resistance and the soft hand. Reusability is a further advantage and the resulting economic efficiency.

- article 2.06443
- open structure
- 100% PES (LMK certified)
- 32g/qm
- width up to 300cm

- article 2.06444
- wholesize 54/inch
- 100% PES (LMK certified)
- 36g/qm
- width up to 300cm

- article 2.06445
- wholesize 34/inch
- 100% PES (LMK certified)
- 22g/qm
- width up to 300cm

- article 2.06446
- semitransparent structure
- 100% PES (LMK certified)
- 59g/qm
- width up to 300cm
